Deadline for the February issue of the *AACE Bulletin* will be December 15. Material should be sent to C. E. Fortenbaugh, P. O. Box 368, Bellaire, Tex. 77401.

New In Print

The updated and expanded 1970 edition of **CONSTRUCTION INFORMATION SOURCE AND REFERENCE GUIDE** by Jack W. Ward, Construction Division, College of Engineering, Arizona State University, Tempe, Arizona, is now available. The second edition of this guide lists over 950 texts, manuals, and handbooks, 313 associations and 265 periodicals with all listings directly related to construction. Books, manuals and handbooks with publisher are listed in 51 categories from "Accounting" to "Work Studies." Addresses are provided for the associations and periodicals as well as for 128 publishing houses and book sources. This volume is available from

Construction Publications
4552 East Palomino Road
Phoenix, Arizona, 85018

at a cost of \$5.00 per copy.

Man Available

Chemical Engineer with extensive administrative and staff experience in the petrochemical industry in developing short and long-term process and business strategies seeks a responsible position as part of a line, staff, managerial, or research function with the potential to use extensive chemical industry research, pilot plant, process, manufacturing, and economics experience to assist in developing profitable product lines and expanding business strategies.
